TRUECLOT®

UNPRECEDENTED REALISM FOR ALL LEVELS OF BLEEDING CONTROL TRAINING

TrueClot® BLEEDING CONTROL TRAINING PRODUCTS

TrueClot® Bleeding Control Training Products provide unprecedented and low-cost realism for all levels of training from beginner civilian Stop The Bleed® courses to more advanced Tactical Emergency and Combat Casualty Care (TECC and TCCC) for professional first responders, combat medics, and corpsmen; as well as Prehospital Trauma Life Support (PHTLS) and First on the Scene (FOTS).

DEVELOPED IN THE LAB BASED ON FEEDBACK FROM THE FIELD

TrueClot® Blood Simulant was developed with funding from the Office of the Secretary of Defense to provide cost effective & realistic bleeding control training for combat medics and corpsmen. This new blood simulant needed to look and feel lifelike while mimicking dynamic clotting in the presence of simulated hemostatic dressings.

THE RESULT

TrueClot® Blood Simulant – the only blood simulant with realistic, active clotting.

To complement this ground-breaking new blood simulant, we developed **TrueClot® Wound Packing Task Trainers** and **Tourniquet Application Trainers**.

Input from EMS and military first responders inspired training tools that are realistic, affordable, and easy to use in trauma training environments.

Now used to train EMS personnel, military first responders, and civilians across the globe, this suite of training products ensures the readiness of medical professionals to deliver lifesaving bleeding control.

BLOOD SIMULANT PRE-MIX & CLOTTING SOLUTION

TrueClot® Blood Simulant is a highly realistic simulated blood for training first responders in traumatic bleeding control, wound packing and the use of advanced hemostatic dressings. TrueClot® Blood Simulant will form realistic simulated blood clots or avulsed tissue for use in moulage, bleeding control, trauma or surgical training when combined with TrueClot® Clotting Solution or TrueClot® Simulated Hemostatic Gauze.

Item # 5112:
1 Gallon (3.8 L)

FEATURES:

- Forms highly realistic, simulated blood clots when mixed with TrueClot® Clotting Solution or Simulated Hemostatic Gauze
- Washes off of skin with soap & water (best with bar soap)
- Washes out of clothing with household laundering
- 3 year shelf life
- BS available in 1 gallon (3.8 L) and half gallon (1.9 L)
- CS in powdered form (only outside of N. America) user adds distilled water
- Kinematic Viscosity: 10-17 cSt at room temperature (human whole blood: 5-6 cSt)

Item # 5132:
Solution

Item # 5133:
Powder
(Available outside of N. America only)

DIMENSIONS:

- Blood Simulant Gallon
  Item # 5112
  NSN: 6910-01-694-8337
  Dims/Weights: 6.1” diameter x 11.6” tall
  9 lbs (15.5 x 29.5 cm - 4.1 kg)
- Clotting Solution
  Item # 5132
  NSN: 6910-01-738-6310
  16.9 oz (500 ml)
  Dims/Weights: 6” x 11.5” x 3” (15.2 x 29.2 x 7.6 cm)
  1.25 lbs (567 g)
- Clotting Solution Powder
  Item # 5133
  Dims/Weights: 6” x 6” x 0.25” (15.2 x 15.2 x 0.6 cm)
  1.3 oz (36 g) Makes 500 ml solution

MADE IN USA

BLOOD SIMULANT CONCENTRATE

When diluted in water, TrueClot® Blood Simulant Concentrate will create a highly realistic simulated blood for use in traumatic bleeding control, wound packing and advanced hemostatic dressings training. The simulated blood will form realistic simulated blood clots when used with TrueClot® Simulated Hemostatic Gauze or TrueClot® Clotting Solution.

FEATURES:

- Small form factor, dilute with water when ready to use
- Forms highly realistic, simulated blood clots when mixed with TrueClot® Clotting Solution or Simulated Hemostatic Gauze
- Washes off of skin with soap and water (for best washability use bar soap)
- Washes out of clothing with household laundering
- 5 year shelf life
- Available in 1 gallon (3.8 L) and 4 x 1 liter sizes

DIMENSIONS:

- 1 Gallon (3.8 L) packet
  Item # 5115
  NSN: 6910-01-738-3881
  Dims/Weights: 6” x 9” x 1.5” (15.2 x 22.3 x 3.8 cm)
  0.4 lbs (190 g)

- 4 x 1 L Packets
  Item # 5117
  NSN: 6910-01-738-4577
  Dims/Weights: 6” x 9” x 1.5” (15.2 x 22.3 x 3.8 cm)
  0.5 lbs (225 g)

Item # 5115:
1 Gallon (3.8 L) packet

Item # 5117:
4 x 1 L packets

SIMULATED HEMOSTATIC GAUZE

TrueClot® Simulated Hemostatic Gauze works with TrueClot® Blood Simulant to form realistic simulated blood clots during wound packing training. Gauze strips are 3 inches wide and available in Z-folded versions. The gauze is pre-treated to work with TrueClot® Blood Simulant to dynamically create simulated clots. Available in multiple sizes.

FEATURES:

- Mimics commercially available hemostatic gauze for realistic training
- Pre-treated to dynamically form simulated blood clots when used with TrueClot® Blood Simulant
- Available in 4 ft (1.2 m) and 12 ft (3.7 m) lengths
- All gauze is 3 in (7.5 cm) wide
- Packaged individually or in bulk packs

DIMENSIONS:

- 12’ x 3” 3-pack Z-folded
  Item # 5123
  NSN: 6910-01-694-8344
  Dims/Weights: 6” x 10” x 1.75” (15.2 x 25.4 x 4.4 cm)
  1.8 oz (51 g)
- 4’ x 3” single pack Z-folded
  Item # 5124
  NSN: 6910-01-709-1477
  Dims/Weights: 5” x 5” x 0.125” (12. 7 x 12.7 x 0.32 cm)
  0.25 oz (7 g)
- 4’ x 3” 96 pcs. bulk pack Z-folded
  Item # 5125
  NSN: 6910-01-738-4577
  Dims/Weights: 13” x 15” x 3.25” (33 x 38.1 x 8.2 cm)
  15 oz (430 g)
- 12’ x 3” 48 pcs. bulk pack Z-folded
  Item # 5128
  Dims/Weights: 13” x 15” x 3.25” (33 x 38.1 x 8.2 cm)
  21.5 oz (610 g)

BASIC PACKING TRAINERS (BPT)

The TrueClot® Basic Packing Trainer (BPT) is a low cost, introductory level dry wound packing task trainer. The small form factor is ideal for developing wound packing muscle memory during tabletop classroom use, Stop The Bleed® courses and in-service training.

FEATURES:

- No mess, dry wound trainer for teaching wound packing techniques
- Large caliber gunshot exit wound, holds up to 12 feet of gauze
- Can be filled with TrueClot® simulated blood for more realistic packing
- Small form factor for tabletop use and easy storage
- Durable silicone construction
- Designed to adhere to table surface for non-slip use
- Easy to clean with water
- Available in Dark and Light skin tones

DIMENSIONS:

Base Diameter: 4” (10.1 cm)

Diameter: 3” (7.6 cm)

Height: 2” (5cm)

Wound Depth: 1.5” (3.8 cm)

Weight: 9 oz (255g)

Item # 5164-L:
NSN: 6910-01-738-1233

Item # 5164-D:
NSN: 6910-01-738-0755

BASIC PACKING TRAINERS - LACERATION (BPT LAC)

The TrueClot® Basic Packing Trainer Laceration (BPT LAC) is a low cost, introductory level dry wound packing task trainer. The small form factor is ideal for developing wound packing muscle memory during tabletop classroom use, Stop The Bleed® courses and in-service training.

FEATURES:

- No mess, dry wound trainer for teaching wound packing techniques
- Deep laceration wound, holds up to 12 feet of gauze
- Can be filled with TrueClot® simulated blood for more realistic packing
- Small form factor for tabletop use and easy storage
- Durable silicone construction
- Designed to adhere to table surface for non-slip use
- Easy to clean with water
- Available in Dark and Light skin tones

DIMENSIONS:

Base Diameter: 4” (10.1 cm)

Diameter: 3” (7.6 cm)

Height: 2” (5cm)

Wound Depth: 1.5” (3.8 cm)

Weight: 9 oz (255g)

Item # 5167-L:
NSN: 6910-01-738-4522

Item # 5167-D:
NSN: 6910-01-738-4511

MADE IN USA

PACKING, COMPRESSION, AND TOURNIQUET TASK TRAINER (PCT3)

The TrueClot® PCT3 is a low cost, durable task trainer that is ideal for introducing and repetitively reinforcing wound packing, compression, and tourniquet application for hemorrhage control and trauma training.

FEATURES:

- Fully wrap packed wounds with compression bandages
- Gunshot wound and laceration injury models with boney landmark
- Upper thigh area located 2 - 3 inches above wound models allows for proper tourniquet placement
- Anatomical knee landmark illustrates improper tourniquet placement over a joint
- Durable, stain resistant silicone construction
- Dry or wet wound packing training, cleans up with water
- Available in Dark and Light skin tones

DIMENSIONS:

Length: 13” (33 cm)

Thigh Diameter: 7” (18 cm)

Calf Diameter: 4.5” (11.5 cm)

Weight: 6.2 lbs (2.8 kg)

Item # 5172-D:
NSN: 6910-01-738-1084

Item # 5172-L:
NSN: 6910-01-738-1104

WOUND PACKING TASK TRAINERS

TrueClot® Wound Packing Task Trainers are realistic, low-cost and repetitive training props for wound packing and the use of advanced hemostatic gauzes. The task trainers have realistic outer anatomy and wound beds. When used with TrueClot® Blood Simulant and Simulated Hemostatic Gauze, realistic simulated blood clots will form.

FEATURES:

- Two wound types available:
  - Gunshot wound with large cavitation, simulated bone fragment and hidden bleed point
  - Laceration with narrow wound channel and visible bleed point
- Durable silicone construction for extended training life
- Easy to clean with water and air dry
- Available in Dark and Light skin tones

INCLUDES:

- 1 Laceration or GSW Task Trainer
- 5 packs of 4 ft Simulated Hemostatic Gauze, 1 liter packet of TrueClot® Blood Simulant Concentrate, squeeze bottle and spare one-way valve

DIMENSIONS:

Wound Model: 7.25" x 6" x 2.75" (18.4 x 15.2 x 7 cm)

Wound Depth: 2.25"(5.7 cm)

All Contents: 10" x 15" x 5" (25.4 x 35.6 x 12.7 cm) - 3.5 lbs (1.6 kg)

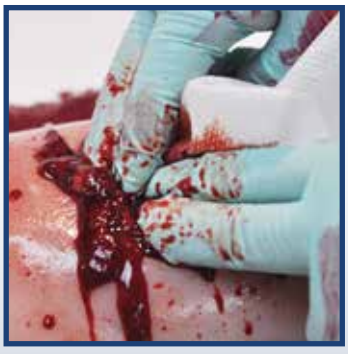
Liquid Capacity: 33.8 ounces (1 Liter)

Item # 5152-L:
NSN: 6910-01-738-1070

Item # 5152-D:
NSN: 6910-01738-4122

Item# 5160-L:
NSN: 6910-01-738-4478

Item# 5160-D:
NSN: 6910-01-738-4501



MADE IN USA

TABLETOP CHEST SEAL APPLICATION TRAINER (T-CSAT)

The TrueClot® Tabletop Chest Seal Application Trainer is a task trainer designed to teach this critical skill in a tabletop/classroom setting. The wound trainer actively bleeds and simulates both exhalation and inhalation demonstrating the sealing and venting action of various chest seal products.

Item # 5216

***NOTE:** Add "L" for Light Skin and "D" for Dark Skin tone.*

FEATURES:

- Simulated bubbling, breathing and chest seal venting/sealing
- Tabletop entry wound with active bleeding for classroom training
- Apply and reuse real chest seals for realistic training
- Easy to clean with water and air dry
- Available in Dark and Light skin tones

DIMENSIONS:

Wound Surface: 6.25” x 8.75” (15.9 x 22.2 cm)

All Contents: 10” x 15” x 5” (25.4 x 35.6 x 12.7 cm)
1.4 lbs (0.64 kg)

Liquid Capacity: 33.8 oz (1 liter)

TRAY FOR TRUECLOT® BLEEDING CONTROL TRAINERS

A durable, lightweight, and reusable tray built to collect simulated blood during bleeding control training. Designed for repeated uses, these make cleanup fast and easy. Ideal for using the TrueClot Wound packing trainer and other bleeding simulation products. TrueClot Blood Simulant easily washes off with water and leaves no stains behind.

Item # 5195

FEATURES:

- Made in the USA
- FDA-compliant plastics
- Stain resistant

DIMENSIONS:

- 18” x 13” x 3” (45.7 x 33 x 7.6 cm)

MADE IN USA

TOURNIQUET APPLICATION TRAINER (TAT)

The TrueClot® Tourniquet Application Trainer is a wearable prop that allows full application of a tourniquet for training purposes. Simulated blood is pumped through the device to simulate hemorrhage. When a tourniquet is properly applied bleeding is stopped. The padded arm cuff reduces pinching and pain during classroom or scenario training.

Item # 5171-L:
NSN: 6910-01-738-1223

Item# 5171-D:
NSN: 6910-01-738-1137

FEATURES:

- Wearable, actively bleeding wound with simulated vessel (can be worn by an actor or placed on a mankin)
- Must apply a tourniquet correctly and at full force to stop bleeding
- Apply tourniquet high and tight or 2 - 3 inches above the wound
- Heavy duty padding to reduce pain
- Compatible with windlass, ratchet and other twisting-style tourniquets
- Durable ballistic nylon construction
- Easy to clean with water and air dry
- Available in Dark and Light skin tones

**Tourniquet Not Included*

DIMENSIONS:

Length: 13” (33 cm)

Circumference at Biceps: 19” (48.2 cm)

Kit in Case: 11” x 13.5” x 5.2” (28 x 34.3 x 13.2 cm)
3.2 lbs (1.5 kg)

Liquid Capacity: 33.8 oz (1 liter)

CHEST SEAL APPLICATION TRAINER (CSAT)

The TrueClot® Chest Seal Application Trainer (CSAT) is both a tabletop and wearable scenario task trainer designed to teach chest seal application skills. Simulated wounds are used on the tabletop to demonstrate basic skills and worn on the vest to teach students to manage a patient while correctly placing a chest seal.

Item # 5214-L:
NSN: 6910-01-738-1075

Item# 5214-D:
NSN: 6910-01-738-1099

FEATURES:

- The first task trainer that can be used as both a tabletop AND wearable prop
- Simulated bubbling, breathing and chest seal venting/sealing
- Wearable entry and exit wounds with active bleeding for scenario training
- Durable simulated wounds and Velcro MOLLE vest
- Apply and reuse real chest seals for realistic training
- Easy to clean with water and air dry
- Available in Dark and Light skin tones

DIMENSIONS:

Wound Surface: 6.25” x 8.75” (15.9 x 22.2 cm)

Kit in Case: 11” x 13.5” x 5.2” (28 x 34.3 x 13.2 cm)
5.2 lbs (2.4 kg)

Liquid Capacity: 33.8 oz (1 liter)

MADE IN USA

INGUINAL PACKING TRAINER (IPT)

The TrueClot® Inguinal Packing Trainer is a wearable training aid that simulates a junctional hemorrhage that cannot be treated with a tourniquet. The trainer can be placed on a manikin or worn by an actor for a higher level of realism to teach advanced wound packing skills.

Item # 5174-L:
NSN: 6910-01-738-4530

Item# 5174-D:
NSN: 6910-01-738-5075

FEATURES:

- Wearable, life-threatening wound simulating an inguinal hemorrhage untreatable with a standard tourniquet
- Fully packable with a 12 ft strip of simulated hemostatic dressing
- Compatible with junctional tourniquets (when used on a manikin)
- Durable ballistic nylon construction
- Easy to clean with water and air dry
- Available in Dark and Light skin tones

INCLUDES:

- 1L of TrueClot® Blood Simulant, 5 packs of gauze, and storage case

DIMENSIONS:

Wound Trainer: 10.5” x 5.25” (15.9 x 22.2 cm)

Wound Depth: 2.5” (6.4 cm)

Kit in Case: 11” x 13.5” x 5.2” (28 x 34.3 x 13.2 cm)
3.9 lbs (1.8 kg)

Liquid Capacity: 33.8 oz (1 liter)

HEMORRHAGE TRAINING KIT - LAC

TrueClot® Hemorrhage Control Training Kits provide everything needed to simulate proper wound packing techniques using hemostatic gauze. The TrueClot® Wound Packing Task Trainers are realistic, durable and low-cost training props. When used together, TrueClot® Blood Simulant and Simulated Hemostatic Gauze will form realistic simulated blood clots.

Item # 5155-L:
NSN: 6910-01-738-1092

Item# 5155-D:
NSN: 6910-01-738-1226

FEATURES:

- Laceration with narrow wound channel and visible bleed point
- Durable silicone construction for extended training life
- Easy to clean with water and air dry
- Available in Dark and Light skin tones

INCLUDES:

- Storage case, 9 packs of 12 ft Simulated Hemostatic Gauze (Z-fold), 4 x 1 liter packets of TrueClot® Blood Simulant Concentrate, squeeze bottle, mixing bottle and spare one-way valve

DIMENSIONS:

Wound Model: 7.25” x 6” x 2.75” (18.4 x 15.2 x 7 cm)

Wound Depth: 2.25” (5.7 cm)

Kit in Case: 11” x 13.5” x 5.2” (28 x 34.3 x 13.2 cm)
6 lbs (2.7kg)

Liquid Capacity: 33.8 oz (1 L)

MADE IN USA

HEMORRHAGE TRAINING KIT - GSW

TrueClot® Hemorrhage Control Training Kits provide everything needed to simulate proper wound packing techniques using hemostatic gauze. The TrueClot® Wound Packing Task Trainers are realistic, durable and low-cost training props. When used together, TrueClot® Blood Simulant and Simulated Hemostatic Gauze will form realistic simulated blood clots.

FEATURES:

- Gunshot wound with large cavitation, simulated bone fragment and hidden bleed point
- Durable silicone construction for extended training life
- Easy to clean with water and air dry
- Available in Dark and Light skin tones

INCLUDES:

- Storage case, 9 packs of 12 ft Simulated Hemostatic Gauze (Z-fold), 4 x 1 liter packets of TrueClot® Blood Simulant Concentrate, squeeze bottle, mixing bottle and spare one-way valve

DIMENSIONS:

Wound Model: 7.25” x 6” x 2.75” (18.4 x 15.2 x 7 cm)

Wound Depth: 2.25” (5.7 cm)

Kit in Case: 11” x 13.5” x 5.2” (28 x 34.3 x 13.2 cm)
6 lbs (2.7kg)

Liquid Capacity: 33.8 oz (1 L)

Item # 5161-L:
NSN: 6910-01-694-8333

Item # 5161-D:
NSN: 6910-01-738-1098

BASIC BLEEDING CONTROL TRAINING KIT (5-10 STUDENTS)

The Basic Bleeding Control Training Kit is designed to provide new learners with a simple and hands on way to practice essential wound packing skills. Whether you're a first time responder, a student in a Stop the Bleed course, or an instructor looking for an accessible training tool, this kit delivers everything you need to learn the proper technique. This kit is intended for a class size of 5-10 beginner students to learn basic wound packing skills in a classroom setting.

KIT CONTENTS:

Item Number: 5220

Kit Contains:	QTY/KIT
TrueClot® Basic Packing Trainer, GSW, Light Skin Tone	2
Forward Cotton Gauze Slim Z-Fold	4
TrueClot® I Stopped The Bleed Stickers 25 pcs	1
Storage case 13.5” x 11.5” x 6”	1

MADE IN USA

BLEEDING CONTROL TRAINING KIT (10-20 STUDENTS)

The TrueClot® TrueClot Bleeding Control Training Kit is designed to teach new and intermediate level learners with a simple, realistic, and hands on way to practice essential bleeding control skills. The kit uses TrueClot® Blood Simulant with dynamic simulated clotting, simulated hemostatic gauze, and TrueClot® Wound Packing Task Trainers to mimic real hemorrhage control techniques on laceration and gunshot wounds. This kit is intended for a class size of 10-20 new or experienced students to learn realistic hemorrhage control training skills in the classroom setting.

KIT CONTENTS:

Item Number: 5226

Kit Contains:	QTY/KIT
TrueClot® Gunshot Wound Packing Trainer, Light Flesh Tone	1
TrueClot® Task Trainer, Laceration, Dark Skin Tone	1
TrueClot® Blood Concentrate, 1 Liter 4 Pack	1
TrueClot® Gauze, 12ft Z-fold 3 Pack	6
Tray for TrueClot® Bleeding Control Trainers	2
TrueClot® I Stopped The Bleed Stickers 25 pcs	1
SemperForce Gloves size MD, Bag of 50	1
SemperForce Gloves size LG, Bag of 50	1
SemperForce Gloves size XLG, Bag of 50	1
Storage case 24.5” x 19.5” x 8.5”	1

ADVANCED BLEEDING CONTROL TRAINING KIT (10-20 STUDENTS)

The TrueClot® Advanced Bleeding Control Training Kit is designed to provide students with a simple, realistic, and hands on way to practice essential bleeding control skills. The kit uses TrueClot® Blood Simulant with dynamic simulated clotting, simulated hemostatic gauze, and TrueClot® wound packing and tourniquet trainers to teach the basics of bleeding control. Students can see and feel how proper wound packing stops bleeding and practice tourniquet placement and application helping them to build muscle memory and confidence. This kit is intended for a class size of 10-20 beginner to intermediate level students to learn bleeding control techniques in a classroom setting.

KIT CONTENTS:

Item Number: 5221

Kit Contains:	QTY/KIT
TrueClot® Gunshot Wound Packing Trainer, Light Flesh Tone	1
TrueClot® Basic Packing Trainer, Laceration, Dark Skin Tone	1
TrueClot® Basic Packing Trainer, GSW, Light Skin Tone	1
PCT3, Dark Flesh Tone	1
TrueClot® Blood Concentrate, 1 Liter 4 Pack	1
TrueClot® Gauze, 12ft Z-Fold 3 Pack	6
TrueClot® I Stopped The Bleed Stickers 25 pcs	1
Tray for TrueClot® Bleeding Control Trainers	1
Storage case 24.5” x 19.5” x 14.5”	1

MADE IN USA

SCENARIO & CLASSROOM BLEEDING CONTROL TRAINING KIT (20-35 STUDENTS)

The TrueClot® Scenario & Classroom Bleeding Control Training Kit is designed to teach hands on essential bleeding control skills. The kit uses TrueClot® Blood Simulant with dynamic simulated clotting, simulated hemostatic gauze, and TrueClot® Wound Packing, Chest Seal and Tourniquet Application Task trainers to mimic real hemorrhage control techniques. The included wearable trainers are designed for scenario use to perfect student technique and patient management. This kit is intended for a class size of 20-35 intermediate to advanced level students using both classroom and scenario settings for the most realistic hemorrhage control training.

KIT CONTENTS:

Item Number: 5222

Kit Contains:	QTY/KIT
TrueClot® PCT3 Leg, Light Skin Tone	1
TrueClot® Basic Packing Trainer, GSW, Light Skin Tone	2
TrueClot® Inguinal Packing Trainer, Light Skin Tone	1
TrueClot® Tourniquet Application Trainer, Light Skin Tone	1
TrueClot® Blood Concentrate, 1 Liter 4 Pack	2
TrueClot® Gunshot Wound Packing Trainer, Light Skin Tone	1
TrueClot® Wound Packing Task Trainer, Laceration Dark	1
TrueClot® Gauze, 4ft Bulk Pack, 96pcs	2
Tray for TrueClot® Bleeding Control Trainers	2
TrueClot® I Stopped The Bleed Stickers 25 pcs	1
Storage case 24.5” x 19.5” x 14.5”	1

TABLETOP BLEEDING CONTROL TRAINING KIT (50+ STUDENTS)

The TrueClot® Tabletop Bleeding Control Training Kit is designed to teach students simple, realistic, and hands on essential bleeding control skills. The kit uses TrueClot® Blood Simulant with dynamic simulated clotting, simulated hemostatic gauze, and TrueClot® Wound Packing, Tourniquet and Chest Seal application task trainers to mimic real hemorrhage control techniques. This kit is intended for a class size of 50+ new or experienced students to use in a classroom setting for realistic hemorrhage control training.

KIT CONTENTS:

Item Number: 5225

Kit Contains:	QTY/KIT
TrueClot® PCT3 Leg, Light Skin Tone	1
TrueClot® PCT3 Leg, Dark Skin Tone	1
TrueClot® Basic Packing Trainer, GSW, Light Skin Tone	2
TrueClot® Basic Packing Trainer, GSW, Dark Skin Tone	2
TrueClot® Blood Concentrate, 1 Liter 4 Pack	3
TrueClot® Hemo Training Kit, GSW Light	1
TrueClot® Hemo Training Kit, GSW Dark	1
TrueClot® Hemo Training Kit, Laceration Light	1
TrueClot® Hemo Training Kit, Laceration Dark	1
Clotting Solution	1
TrueClot® Gauze, 4ft Bulk Pack, 96pcs	4
TrueClot® I Stopped The Bleed Stickers 25 pcs	2
Tray for TrueClot® Bleeding Control Trainers	4
Storage case 33” x 25” x 19”	1

MADE IN USA

WEARABLE BLEEDING CONTROL TRAINING KIT (20-35 STUDENTS)

The TrueClot® Wearable Bleeding Control Training Kit is designed for simple, realistic, and hands on way to practice essential bleeding control skills in a scenario setting. The kit uses TrueClot® Blood Simulant with dynamic simulated clotting, simulated hemostatic gauze, and wearable TrueClot® Wound Packing, Tourniquet and Chest Seal task trainers to mimic real hemorrhage control techniques. This kit is intended for a class size of 20-35 experienced students using wearable trainers for realistic hemorrhage control training scenarios.

KIT CONTENTS:

Item Number: 5224

Kit Contains:	QTY/KIT
TrueClot® Tourniquet Application Trainer, Light Skin Tone	1
TrueClot® Tourniquet Application Trainer, Dark Skin Tone	1
TrueClot® Inguinal Packing Trainer, Light Skin Tone	1
TrueClot® Chest Seal Kit, Light Skin Tone	1
TrueClot® Blood Concentrate, 1 Liter 4 Pack	2
TrueClot® Gauze, 4ft Bulk Pack, 96pcs	2
TrueClot® I Stopped The Bleed Stickers 25 pcs	2
Storage case 24.5” x 19.5” x 14.5”	1

EXPANDED SCENARIO & CLASSROOM BLEEDING CONTROL TRAINING KIT (50+ STUDENTS)

The TrueClot® Expanded Scenario & Classroom Bleeding Control Training Kit is designed for larger training academies and trauma training programs to teach essential bleeding control skills. The kit uses TrueClot® Blood Simulant with dynamic simulated clotting, simulated hemostatic gauze, and TrueClot® Wound Packing, Chest Seal and Tourniquet Application Task trainers and wearable moulage to mimic real hemorrhage control techniques. The included wearable trainers are designed for scenario use to perfect student technique and patient management. This kit is intended for a class size of 50+ intermediate to advanced level students using both classroom and scenario settings for the most realistic hemorrhage control training.

KIT CONTENTS:

Item Number: 5223

Kit Contains:	QTY/KIT
TrueClot® Hemo Training Kit, Laceration Light	1
TrueClot® Hemo Training Kit, Laceration Dark	1
TrueClot® Hemo Training Kit, GSW Light	1
TrueClot® Hemo Training Kit, GSW Dark	1
TrueClot® Basic Packing Trainer, GSW, Light Skin Tone	2
TrueClot® Basic Packing Trainer, GSW, Dark Skin Tone	2
TrueClot® Tourniquet Application Trainer, Light Skin Tone	1
TrueClot® Tourniquet Application Trainer, Dark Skin Tone	1

MADE IN USA

TrueClot® BLEEDING CONTROL TRAINING PRODUCTS

TrueClot® bleeding control training products provide unprecedented and low-cost realism for all levels of training from beginner civilian Stop The Bleed® courses to more advanced Tactical Emergency and Combat Casualty Care (TECC and TCCC) for professional first responders, combat medics, and corpsmen; as well as Prehospital Trauma Life Support (PHTLS) and First on the Scene (FOTS).

TrueClot® Blood Simulant looks, feels, and behaves like human blood and forms realistic blood clots when used with TrueClot® Simulated Hemostatic Gauze. Thanks to this patented technology, TrueClot's® wet Wound Packing Task Trainers bleed until the user has packed the wound properly and maintained pressure. The TrueClot® Tourniquet Application Trainer is similarly designed to continue bleeding until the applied tourniquet is pre-tensioned and tightened correctly. TrueClot's® dry Wound Packing Task Trainers are ideal for realistic, low-cost, and repetitive wound-packing training and the use of advanced hemostatic gauzes.
